I. Introduction and Welcome

Welcome to AAD Bank Co. Founded in 2019, AAD Bank aims to brank you, the user, the utmost satisfaction with our product. Our goal is to provide you with a safe, friendly, and comfortable banking experience. AAD utilizes brand new tech and promises to bring a great customer experience at an extremely cheap cost. But this does come at a cost! With brand new tech, we know that AAD Bank's platform may be hard to use in the beginning of your banking career. That is why the founders and operators of this magnificent company, have put together this manual to help you with any questions you may have. Continue reading to discover all the features, coolness, and awesomeness that we have to offer and leave CHASE and BOA immediately!

I. Home Page

The homepage is the first page that the user is brought to when accessing our bank. You will be welcomed to the bank and then presented with three different options. Read below to find out how each option works and further information:

1. Log In

- a. If you are already an existing customer and wish to enter into your account, press 1 for “Log In.” The platform will take ask you for your username first. Enter in your username. Then it will ask you for your password. Enter in your password. That’s it! You should now be logged in. If not, the software will tell you that either your username or password was incorrect. Please try logging in again or create a new account.

2. Sign Up

- a. If you do not have an account but wish to make one, use the “sign up” feature! Press 2 to enter the sign up page. First, enter in your username twice, as the system uses a validation process. Do the same for your password. Try to make it around 8 characters. Make sure your password matches in the second entry and ensure that your password does not have any spaces in it. Once you have done so, you can log in!

3. Help

- a. If you have any questions about the functionality of our program please enter in 3 on the main menu. Selecting the ‘help’ option will provide you with the location of this user manual.

4. Exit the Program

- a. We fear you may wish to exit the program at some point. To exit the program, press 4 on your keyboard and click ENTER. You will be taken off the software and can close your computer. All your activity will be logged in our database and data will be saved.

I. Account Page

Once entered into your account, the user can access a variety of different features that will enhance your experience on our app. Read down below to figure out how each one works and how to utilize them to the max!

1. Deposit

- a. If you wish to make a deposit, press 1. After you do so, you will be asked how much you would like to deposit. Type in the NUMBER and click submit. Ensure that all characters being used are numbers and nothing else. Then, you will get a success message and be redirected back to the account page.

2. Withdraw

- a. If you wish to make a withdrawal, press 2. After you do so, you will be asked how much you would like to withdraw. Type in the NUMBER and click submit. Ensure that all characters being used are numbers and nothing else. Then, you will get a success message and be redirected back to the account page.

3. Transfer Funds to Another Account

- a. If you wish to transfer funds to another one of our users, enter 3. You will be asked for the username and then the ID number of the recipient account. You will then be asked to enter the amount you would like to transfer to the recipient. After this is entered the transaction will take place and a success message will appear.

4. Register for Premium

- a. A user can sign up for a premium accounts whenever they wish. If you would like to create a premium account, press 4. After doing so, the computer will ask for validation. Press any other number if you don't want to proceed with premium and it will redirect you to the home screen. Otherwise, if you wish to finalise the registration, press one. The system will let you know if the registration has been successful. Remember that it will not work if you already have a premium account!

5. Check Account History

- a. To check all deposits and withdrawals you have made in the entirety of your banking career, press 5. The system will print out anything transactions that you have made and paste it for you to see. Read till it says ---END---.

6. Submit Feedback

- a. If you have any complaints/queries, feel free to use the submit feedback function. By clicking 6, the system will prompt you to write the feedback you would like to submit. Type in whatever you want and press ENTER. Your feedback will be sent to our servers and submitted officially from your account.

7. Logout

- a. We fear you may wish to exit the program at some point. To exit the program, press 7 on your keyboard and click ENTER. You will be taken off the software and can close your computer. All your activity will be logged in our database and data will be saved.

II. Dos and Donts

Like many big corporations, there are things that you should do and not do when accessing our platform. Failure to adhere to these rules, in extreme cases, may result in you no longer being welcome back to our system.

Do:

- Use the feedback and provide us with valuable information that we can use to improve
- Use all the functionality offered to you
- Use a creative password

Dont:

- Put spaces in your password
- Type in words in the deposit/withdraw functions
- Misuse the feedback function
- Attempt to hack or alter previous data

III. FAQ

IX. Credits

Our dream of being a successful startup would not be possible without the funding and guidance given to us by our partners. With the help of these companies, we have been able to fund upwards of 45 million dollars in our three seeding rounds. The AAD Bank would like to thank the following companies for their contribution to making AAD bank what it is today:
